

MARIGOLD ACADEMY

Franchise Opportunity

If you are passionate about children and early education, looking to take control of your future and financial wellbeing, seeking an ideal work-life balance to spend more time with your loved ones, make a positive impact in your community and enrich the lives of young children, and build a legacy for your family, Marigold Academy franchise opportunity is for you.

MARIGOLD Commitment

We are an early childhood education franchise program that offers parents' home away from home environment for their children. Our parents send their children to our schools with peace of mind, so they can focus on building their careers and wellbeing of their family.

Our program is developmentally oriented and utilizes age appropriate curriculums and assessment tools to prepare children for their elementary experience.

Who We Are

Marigold Academy is an established early childhood development school that provides a high-quality, safe, healthy, nurturing, and fun learning environment for children ages infant to 13. All our lead teachers are either “Certified Teachers” or “Certified Development Associates,” providing the highest level of education and care for children at our schools. We hold ourselves to high standards—our families share their children with us every day of the week, and we must honor that and exceed their expectations.

At Marigold Academy, we are professionals passionate about providing high-quality childcare service while understanding the opportunity to make it a great career path by owning your own business. It’s an opportunity to build a legacy for yourself and your family, whether you choose to own one or more schools in your community.

Our Story

Marigold Academy is a business born of necessity by our founders. Our journey into childcare began when we were blessed with our twin daughters. As working professionals, we needed high-quality childcare for our own children. In the process of finding the best childcare solution for our children, Marigold Academy was born. Our founders understood the needs of the families we serve today because they were first the family seeking an exceptional early childhood education program for their own kids. Our same passion for the children and families we serve also extends to our Marigold Academy team and franchise owners.
